URGENT INFORMATION: PLEASE READ

Dear Patient:

I write to inform you of a new law that may impact your next physician visit. As most people are aware, there has been an epidemic of deaths due to narcotic pain medications both in the USA and Nevada. To change this, the Nevada legislature and Governor Brian Sandoval signed Assembly Bill 474 which will add several new regulations into effect starting January 1. Because of these laws, and the penalties which physicians face if they don't comply, patients who get pain medications for both acute and chronic pain may notice some changes in their care and will alter patient care as it relates to the prescribing of controlled substances.

Here are some of the changes you may experience under this new law:

First off, before anyone is prescribed an initial narcotic pain medication for any reason, your physician will need to run a report on you checking the state database to look up your history of using controlled medications. Your physician will also need to have you sign an informed consent form that should include information on risks of taking narcotics, proper use of the medication and other options to control your pain. Finally, your physician will also need to evaluate your risk of addiction or dependency. Initial prescriptions for acute pain can only be prescribed for 14 days. If you require pain medications for more than 30 days, your doctor will need to then have you sign a Prescription Medication Agreement. The agreement should include the goals of using your controlled medication and discuss other rules your physician will have for your prescription medications. Rules will likely include using a single pharmacy, no sharing of your medications with others and use of other prescribed controlled substances, marijuana and illegal drugs amongst others. In our practice, we've been starting to gear up for these laws. In some cases, this is helping us re-evaluate many patients, including getting additional testing and referring patients to specialists to discuss alternative treatment options. While the focus of these laws has been on narcotic pain medications, many of these new regulations also apply to other controlled prescriptions. These include medications such as Xanax, valium, and stimulants for ADHD (Adderall, Ritalin). If you are a patient on these medications, you will likely have to work with your doctor on many of these same agreements and risk of abuse assessments. Your provider may also require you to submit to screenings and other diagnostic tests.

You are financially responsible for the medical services you receive. Please review our policies below and sign at the end to indicate your agreement to these terms.

APPOINTMENTS

1. **Copayments**-Copayments for clinic visits are due at the time of service. If you are unable to make your copayment at the time of service, Nevada Pain Care reserves the right to reschedule your appointment until a time that you are able to make your copayment. Payment for any outstanding balance is due at your appointment.
2. **Procedure Prepayment**- Nevada Pain Care collects your payment for a procedure at the time when the procedure is scheduled. Your prepayment is based on an estimate of your expected financial responsibility. This is an estimate only. You are responsible for any unpaid balance after your insurance (if applicable) has been billed. In the event of overpayment you may request a refund according to our refund policy below. We reserve the right to reschedule your procedure until prepayment has been made.
3. **Missed Appointments and Late Arrivals**- If you are more than 20 minutes late, we may reschedule your appointment. If you are more than 60 minutes late, or if you do not show up to your appointment, you will be responsible for a missed appointment fee. Missed office visit appointments are subject to a \$25 charge. These charges are your responsibility and will not be billed to any insurance carrier. After 3 missed appointments you will be discharged from the clinic.

INSURANCE PAYMENTS

4. **Financial Responsibility**- Your insurance policy is a contract between you and your insurance carrier. You are ultimately responsible for payment-in-full for all medical services provided to you. Any charges not paid by your insurer will be your responsibility, except as limited by our contract (if any) with your insurance carrier.
5. **Coverage Changes and Timely Submission**- It is your responsibility to inform us in a timely manner of any changes to your billing or insurance information. There is a time limit within which Nevada Pain Care must submit a claim on your behalf to your insurer. If Nevada Pain Care is unable to submit your claim within this period because we have not been supplied with your correct insurance information, you will be responsible for the charges.
6. **Self-Pay**- If you do not have health insurance, or if your health insurance will not pay for services rendered by Nevada Pain Care, you are considered a self-pay patient. Your charges will be on our current self-pay fee schedule. Self-pay patients are expected to make payment in full at the time of service.

BENEFIT AND AUTHORIZATION

7. **Insurance Plan Participation**- We participate in many but not all insurance plans. It is your responsibility to contact your insurance company to verify that your assigned physician participates in your plan. Out of network charges may have higher deductibles and coinsurances.

8. **Referrals**- Referral and prior authorization requirements vary widely among insurance carriers and plans. If your insurance carrier requires a referral for you to be seen by Nevada Pain Care, it is your responsibility to be aware of this fact, and to obtain this referral.
9. **Prior Authorization and Non-Covered Services**- Nevada Pain Care may provide services that insurance plans exclude or require prior authorization. If insured, it is ultimately your responsibility to ensure that service provided to you are covered benefits and authorized by your insurer. Nevada Compassionate Pain Care, as a courtesy to our patients, makes a good faith effort to determine if services we order are covered by your insurance plan, and, if so, whether or not prior authorization for treatment is required. If determined that a prior authorization is required, we will attempt to obtain such authorization on your behalf.
10. **Out of Network Payments**- If we are not part of your insurance carrier's network (out-of-network) and your insurance carrier pays you directly, you are solely responsible for payment and agree to forward the payment to Nevada Pain Care, immediately.

ACCOUNT BALANCES AND PAYMENTS

11. **Reassignment of Balances**- If your insurance company does not pay within a reasonable time; we may transfer the balance to your sole responsibility. Please follow up with your insurance to resolve non-payment issues. Balances are due within 30 days of receiving a statement.
12. **Collection of Unpaid Accounts**-If you have an outstanding balance over 120 days old and have failed to make payment arrangements (or become delinquent on an existing payment plan), we may turn your balance over to a collection agency and/or an attorney, which may result in reporting to credit bureaus and/or legal action. Nevada Pain Care reserves the right to refuse treatment to patients with outstanding balances over 120 days old. You agree to pay Nevada Pain Care for any expenses we incur to collect on your account, including reasonable attorney's fees and collection costs.
13. **Returned Checks**- Returned checks will be subject to a \$38 returned check fee.
14. **Refunds**- Refunds for overpayment or prepayment on cancelled procedures are made only after there has been full insurance reimbursement for all medical services on your account. Please submit a written refund request and allow four to six weeks for your request to be processed. Send requests to: PBS, ATTN: Nevada Pain Care Billing Dept, 7250 Peak Dr #100, Las Vegas, NV 89128.
15. **Statements** – Charges shown by statement are agreed to be correct and reasonable unless protested in writing within thirty (30) days of the billing dates.
